Carmex Comfort Care

Carma Labs Inc introduces Carmex Comfort Care lip balm, a natural lip care product formulated with colloidal oatmeal and cold-pressed fruit oil to deliver soothing, long-lasting moisture and hydration. Colloidal oatmeal also possesses antioxidant and anti-inflammatory properties that benefit sensitive dry skin, especially on the lips. For more information, visit www.mycarmex.com.

Erelzi

Sandoz Inc, a Novartis Division, announces US Food and Drug Administration approval of Erelzi (etanercept-szsz) for all indications included in the reference product label: rheumatoid arthritis, plaque psoriasis, psoriatic arthritis, ankylosing spondylitis, and polyarticular juvenile idiopathic arthritis. Erelzi is the second approved biosimilar from Sandoz. For more information, visit www.arelzi.com.

Loprox Cream

Medimetriks Pharmaceuticals, Inc, announces the launch of Loprox (ciclopirox) Cream 0.77% and the Loprox Cream Kit. Loprox Cream is a broad-spectrum therapy that treats 5 different skin infections from 6 different pathogens. It is indicated for the topical treatment of tinea pedis, tinea cruris, and tinea corporis due to *Trichophyton rubrum*, *Trichophyton mentagrophytes*, *Epidermophyton floccosum*, and *Microsporum canis*; candidiasis due to *Candida albicans*; and tinea (pityriasis) versicolor due to *Malassezia furfur*. Loprox Cream works quickly, usually within the first week (2 weeks for tinea versicolor), providing patients needed relief of pruritus and other symptoms. The Loprox Cream Kit includes Loprox Cream and Rehyla Hair + Body Cleanser for patient convenience. The cleanser hydrates and conditions and is gentle for daily use on the scalp and body. For more information, visit www.medimetriks.com.
