11th Annual Winter Conference on Pediatric Emergencies
Breckenridge, Colorado
Offers up to 16.25 Category 1 CME

February 9-11

International Stroke Conference 2011 Los Angeles, California

The International Stroke Conference 2011 is a 2½-day conference that presents recent scientific work related to cerebrovascular disease. The conference will host over 900 presentations, lectures and debates focusing on topics such as stem cell therapy for stroke, early DNR orders in ICH, gender differences in stroke and changing hospital stroke treatment systems. The International Stroke Conference provides an educational experience for professions in neurology as well as primary care physicians, pharmacists, allied health professionals and basic researchers. Upon conclusion of this conference, participants should be able to apply recent advances in basic models of stroke and translational research as well as evaluate recent advances in the diagnosis treatment, prevention, and rehabilitation of cerebrovascular disease. For more information, call (214) 706-1543, fax (214) 706-5262, or visit the Web site (<http://www.myamericanheart.org>).

February 28–March 4

**Rheumatology: Improving Primary Care Outcomes Through Diagnosis and Treatment
Sarasota, Florida**

At the conclusion of the course Rheumatology: Improving Primary Care Outcomes Through Diagnosis and Treatment, participants should be able to appraise the epidemiology and presenting complaints of rheumatologic disorders as well as determine the various treatment options for the rheumatologic disease presented. Emphasis in the specific objectives will focus on aligning physician behavior with current guidelines. This course was designed to update practitioners at the level of a practicing physician. Topics that will be covered throughout this course are lyme disease, idiopathic inflammatory myopathies, fibromyalgia, and vasculitis. This meeting offers up to 20 Category 1 CME Credits. For more information, call (866) 267-4263, fax (941) 365-7073, e-mail mail@ams4cme.com, or visit the Web site (<http://www.ams4cme.com>).

April 2

17th Update on the Treatment of

March 28-April 1
Critical Care and
Pulmonary Medicine
Sarasota, Florida

The Critical Care and Pulmonary Medicine course will assess the presentation and patient complaints of various pulmonary disorders, implement a diagnostic work-up fitting for each disorder, and employ a cost-effective method of treatment, follow-up, and long-term care if indicated. The goal of this course is to acquire an improved understanding of the importance of making an appropriate diagnosis as well as provide effective treatment and follow-up care for the patients. Emphasis throughout this course will focus on aligning physician behavior with current guidelines and evidence-based medicine as indicated within each topic's objectives. It will also focus on diagnosis, treatment, and when to refer patients. Upon completion, practitioners are expected to be knowledgeable in the many specialized areas of medicine and seek assistance from specialists only when necessary. Topics covered in this course will include pleural diseases, obstructive sleep apnea, lung cancer, tuberculosis, interstitial lung disease, and many more. This course offers up to 20 Category 1 CME Credits. For more information, call (866) 267-4263, fax (941) 365-7073, e-mail mail@ams4cme.com, or visit the Web site (<http://www.ams4cme.com>).
