DISCLOSURE INFORMATION

It is the policy of *The American Journal of Orthopedics*® to ensure fair balance, independence, objectivity, and scientific rigor in all of its educational activities. In accordance with Quadrant HealthCom Inc. guidelines and standards, all faculty participating in any activities are expected to disclose to the audience any real or apparent conflict(s) of interest that may

have a direct bearing on the subject matter of the activities in which they participate. This pertains to relationships with pharmaceutical companies, biomedical device manufacturers, and other corporations. The intent of this policy is that the audience may form their own judgments about the presentation with the full disclosure of the facts.

Dr. Del Gaizo reports no actual or potential conflicts of interest in relation to his article. Dr. Desai discloses that he is a consultant to Biomet, Inc, and Zimmer, Inc. Dr. Dirschl reports he has received grant/research support from EBI Medical Systems and is a consultant to Stryker. Dr. Koval reports he has received financial or material support from Biomet, Inc, and is a consultant to Biomet, Inc. Dr. Ostrum reports he is a consultant to Biomet, Inc, and DePuy Inc.

The faculty for this activity have disclosed that there will not be a discussion about the use of products for non-FDA approved indications.
