

errata

Due to a printing error, the article “Vaccine Era Measles in an Adult” (*Cutis*. 2000;66:337-340) incorrectly used *rubella virus*, which causes German measles, instead of the correct *rubeola virus*, which causes measles. The error occurred on page 338, column 1, paragraph 1, line 2, and on page 340, column 1, paragraph 2, line 2.

In addition, the courtesy line for the photograph that appeared in the article “Botanical Briefs: The Scourge of India—*Parthenium hysterophorus* L” (*Cutis*. 2001;67:27-28,34) was omitted. The figure caption should have read “*Parthenium hysterophorus* (photographed at Kew Gardens, England, courtesy of Scott Norton, MD).” The error occurred on page 27.

Cutis® makes every possible attempt to ensure accuracy in its articles and apologizes for the mistakes.
