

Due to a submission error, the article “*Mycobacterium marinum* Infection: A Case Report and Review of the Literature” (*Cutis*. 2007;79:33-36) provided the incorrect photograph for Figure 3. The correct photograph appears below.

**Figure 3.** Results of a Fite stain are positive for numerous acid-fast bacteria (original magnification  $\times 10$ ).

*Cutis*<sup>®</sup> makes every possible effort to ensure accuracy in its articles and apologizes for the mistake.
