Eduardo Tschen, MD, MBA

18 Beyond First-line Treatment: Management Strategies for Maintaining Acne Improvement and Compliance

Albert C. Yan, MD

James R. Treat, MD

The Editorial Board and editorial staff of *Cutis*[®] would like to clarify the sponsorship line for the August 2008 supplement, “Breaking Down the Acne Management Timeline: Clinical Considerations and Challenges.” Funding for the peer-reviewed publication was provided by Dermik Laboratories, a business unit of sanofi-aventis US LLC. We would like to further clarify that this supplement was not supported by an educational grant.

Cutis makes every effort to ensure accuracy in its articles and apologizes for the error.
