ALLERGIES/ADR:

POLLEN EXTRACTS FREEZE - DRIED, COOL MINT LISTERINE ANTISEPTIC, POLLEN GENTAMICIN OPH SOLUTION, SUCCINYLCHOLINE, PENICILLIN, PEANUTS

<No encounter information entered>

Penicillin reaction identified as an Ig-E mediated allergy
(e.g. self-described rash, itching, hives, shortness of breath, swelling, angioedema, etc.)

Has the patient been exposed to and tolerated cephalosporins since initial reaction?

Patient tolerated the following cephalosporins (list name and dates received)

.

Patient has not tolerated cephalosporin

Has the patient been exposed to and tolerated penicillin-class antibiotic since the initial reaction?

Patient tolerated the following penicillins (list name of antibiotics and dates received):

.

Patient has not tolerated penicillins
