

**Appendix 2.** Survey sent to pediatric hospital medicine fellowship directors.

**Pediatric Hospital Medicine Fellowship Director Survey about Med-Peds Trainees**

1. How many fellow positions does your fellowship offer per year?
  - a. 1
  - b. 2
  - c. 3
  - d. 4
  - e. 5
  - f. 6
2. Does your fellowship program have a free-standing Children's hospital?
  - a. Yes
  - b. No
3. Does your fellowship rotate at a community hospital?
  - a. Yes
  - b. No

4. Do you have any current hospitalist faculty in your division/section who are Med-Peds trained?
  - a. Yes
  - b. No

If a, proceed to question #5

If b, proceed to question #6

5. How many current faculty in your division/section are Med-Peds trained?  
(Displayed if responded yes to question 4)
  - a. 1
  - b. 2
  - c. 3
  - d. 4
  - e. 5
  - f. 6
  - g. 7
  - h. 8
  - i. 9
  - j. 10
  - k. 11 or more
6. Do the Med-Peds trained hospitalist faculty in your division/section have clinical time in both Pediatrics and Internal Medicine?
  - a. Yes
  - b. No

If a, proceed to question #7

If b, proceed to question #8

7. Is the primary appointment of the Med-Peds trained faculty in your division in Internal Medicine or Pediatrics?
  - a. All have primary appointment in Internal Medicine
  - b. All have primary appointment in Pediatrics
  - c. Some have primary appointment in Internal Medicine and some have it in Pediatrics
8. Is there a Med-Peds residency program affiliated with your institution?
  - a. Yes
  - b. No

9. Is your current institution affiliated with or a part of a health system that provides inpatient adult care?

a. Yes

b. No

10. Do you have any past or current fellows who were Med-Peds residency trained?

a. Yes

b. No

If a, proceed to question #11-12

If b, proceed to question #13

11. What is the total number of past and current fellows who were Med-Peds residency trained in your fellowship?

- a. 1
- b. 2
- c. 3
- d. 4
- e. 5
- f. 6
- g. 7
- h. 8
- i. 9
- j. 10
- k. 11 or more

12. Describe differences (if any) in the Fellowship training of the Med-Peds residency trained PHM fellows from categorically trained Pediatric residency trained fellows, including duration of fellowship.

13. If a Med-Peds residency trained PHM fellow desires to have both pediatric and internal medicine inpatient clinical time during fellowship, can your fellowship accommodate this request?

- a. Yes
- b. Unsure
- c. No

If c, proceed to question #14

If a, proceed to question #15

If b, proceed to question #16

14. Please tell us what limitations exist at your institution to a Med-Peds trained fellow having internal medicine inpatient clinical time.

15. Describe any planned differences (if any) in the training of a Med-Peds trained PHM fellow from a Peds trained PHM fellow, including duration of fellowship.
16. What would you need to know to determine if there could be inpatient internal medicine clinical time in your PHM fellowship for a Med-Peds trained PHM fellow?
17. What type of inpatient internal medicine clinical time could your program offer a Med-Peds trained fellow who desires to do both pediatrics and internal medicine inpatient clinical time during fellowship?
  - a. Precepted time on internal medicine as part of fellowship clinical rotations
  - b. "Attending" time on medicine as part of fellowship clinical rotations
  - c. Moonlighting only
  - d. Unsure, but would be open to figuring it out
  - e. Unable to provide internal medicine time
18. How important do you feel it is for Pediatric Hospital Medicine fellowships to be able to recruit a Med-Peds resident?
  - a. Extremely important
  - b. Very important
  - c. Moderately important
  - d. Slightly important
  - e. Not at all important
19. How important do you feel it is to be able to offer both Internal Medicine and Pediatric inpatient rotations as a part of a Med-Peds candidate's fellowship training?
  - a. Extremely important
  - b. Very important
  - c. Moderately important
  - d. Slightly important
  - e. Not at all important
20. Please tell us why you chose your answer to the above question?

21. Should there be a separate ACGME accredited Med-Peds hospital medicine fellowship that incorporates clinical time in both departments?

- a. Yes
- b. No, Med-Peds hospital medicine training should be an option as part of PHM fellowship
- c. No, there is no place for Med-Peds hospital medicine fellowship
- d. Unsure
