Genetic Testing Brochure

The National Cancer Institute is offering an eight-page brochure, "Genetic Testing: What It Means for Your Health and for Your Family's Health." It explains what genetic tests are, lists the different types, tells how they are done, and gives examples of diseases linked to genetic changes that can be detected by these tests. The brochure also provides questions for patients to ask their doctor about the tests. To order free copies, visit https://cissecure.nci.nih.gov/ncipubs/details.asp?pid=4155.

Disaster Response to Mentally III

The Substance Abuse and Mental Health Services Administration has released a publication focusing on improving disaster responses to people with mental illnesses. The report, "Building Bridges: Mental Health Consumers and Representatives of the Disaster Response Community in Dialogue," was the result of a roundtable meeting of mental health consumers, policy makers, providers, and other members of the disaster response community. To obtain a free copy of the report, call 877-716-4717.

Program Grants for Homeless

The Substance Abuse and Mental Health Services Administration is taking applications for 25 grants of about \$400,000 each to provide treatment for homeless persons who also have mental or substance-abuse disorders. Nonprofit public and private entities such as local govern-
